The Triple Sheeted Bed Presentation

- Place the bottom sheet (flat or fitted) over the mattress, on top of the mattress protector.
- Next, place the flat sheet above this.
- A blanket is then placed on top of the second sheet.
- Lastly, the decorative top sheet is placed on top, to complete the triple-sheeting bed presentation.

Add a splash of color, and protect the end of the triple-sheeted bed from soiling, with an accent bed scarf.
