Stocked Sheers

Westport ensures ready availability of the two most popular types of sheer - Voile and Batiste, as described below. We carry a wide selection of sheer options in our fabrics library, which are available for order with standard lead times. Speak with your Project Manager for more information.

Sheer Voile

- A soft, lightweight sheer fabric, semi-transparent with a silky finish and very slight sheen.
- Stocked in colours White and Ivory.
- 118" (300cm) wide
- Plainweave
- 100% Polyester
- 76x71 Thread count
- 1.5oz fabric weight (Y2)
- Can be fabricated railroaded or paneled

Sheer Batiste

- A balanced, plain weave fabric that is soft, lightweight, and semi-opaque.
- Stocked in colours White and Ivory.
- 118" (300cm) wide
- Linen slub finish; slub runs vertical when railroaded
- 100% Polyester
- 76x56 Thread count
- 2oz fabric weight (Y2)
- Conforms to NFPA-701 small scale method fire test for flame propagation
